

2020 Summer Camp Special Needs Application

A separate form is needed for each Individual.

This form is to be used to notify the Ventura County Council of any special dietary, health, mobility or disability needs your unit will have at Camp Three Falls. The Ventura County Council will make every reasonable effort to accommodate your special needs. It is the responsibility of parents and/or adults attending camp to make sure the person has everything the person needs at the time of the activity. This form will be submitted to the camp or activity personnel. Please be specific in explaining the needs and attach additional sheets if necessary. The contact person you list below may be contacted if camp staff has any questions.

Please use a separate sheet for each individual requiring accommodation.
Please submit this form no later than two weeks prior to your arrival in camp.

Common Requests and Solutions for Special Consideration

Ventura County Council camps make every reasonable effort to meet the needs of campers, and have developed standard solutions for common requests:

Food Allergies

The camp menu is posted online (www.campthreefalls.blogspot.com) a few months before camp. Although it is subject to change, it gives a good idea of the menu items planned. Our cooks are experienced in assisting campers with food allergies and can provide substitute menu items in most cases. No peanut or tree nut products are used in our kitchen, but peanut butter (individual serving packets) may be present in the dining hall. We are unable to provide detailed listings of ingredients in advance of camp because menu items and ingredients from our suppliers may change. You can discuss concerns with the cook on arrival at camp. ***Please submit a Special Needs Form to enable the camp to anticipate the need.***

Vegetarian or vegan menu

The camp menu is posted online (www.campthreefalls.blogspot.com) a few months before camp. Although it is subject to change, it gives a good idea of the menu items planned. Camp can provide vegetarian or vegan alternatives with sufficient advance notice. ***Please submit a Special Needs Form to enable the camp to anticipate the need.***

Sugar-free menu (diabetic)

Camp menus are posted online (www.campthreefalls.blogspot.com) a few months before camp. Although menus are subject to change, they give a good idea of the menu items planned. Camp can substitute sugar-free alternatives for many menu items. ***Please submit a Special Needs Form to enable the camp to anticipate the need.***

Wheelchair access

The camp has at least one campsite which provides easier wheelchair access to tents, outhouses, and other campsite features. ***Submit a Special Needs Form to enable the camp to place the troop in an appropriate campsite.***

Limited-mobility access

Submit a Special Needs Form to enable the camp to place the troop in an appropriate campsite. Camp managers will make every effort to place those with mobility challenges in campsites close to the center of camp. Submit a Special Needs Form to enable the camp to place the troop in an appropriate campsite.

Vehicles in Camp

Private vehicles are NOT PERMITTED in camp. As vehicles present a safety hazard for pedestrians on camp roads, this rule is strictly enforced. In extreme circumstances we will assist with transporting disabled or injured individuals using a camp vehicle.

CPAP machine (night-time breathing machine)

For campers with CPAP machines please plan for unit campsites that do not have electricity. Sleeping areas are not available in buildings at camp. To prepare for camp, two options are suggested:

Campers may consider purchasing a battery-operated CPAP machine. A good source for battery-powered CPAP machines is www.cpap.com. If charging a battery-operated CPAP is required during daytime hours, the camp will provide an outlet.

Those who use a machine that requires 120v AC power (household current) can bring an inverter and an automobile battery. Camp will provide an outlet where automobile batteries can be recharged during daytime hours. Vehicles cannot be parked in or near campsites for the purpose of powering CPAP machines.

Injections

Camp personnel are not authorized to administer injections. Campers who require injections need to administer their own injections or be accompanied by an adult trained and authorized (by parent/guardian in case of a minor) to administer injections for that camper.
